

## **NanoCap's holdings M.O.B.A. Network's share is approved and admitted to trading on the OTCQX today, January 25**

Stockholm, 2023-01-25

NanoCap Group AB ("NanoCap") holding M.O.B.A. Network AB ("M.O.B.A.") has been approved to start share trading on the trading platform OTCQX in the USA, trading in the share on OTCQX starts today, January 25, 2023. The trading will commence at 15:30 CET.

OTCQX is a US trading platform operated by OTC Markets Group for securities not listed on a national exchange. The purpose of taking up trading on OTCQX is to satisfy an increasing interest from American investors and to increase accessibility to the American capital market. M.O.B.A.'s shares will trade on the OTCQX under the ticker "MOBNF". U.S. investors can now find up-to-date financial information and real-time Level 2 stock trading information for M.O.B.A. stock at [www.otcmarkets.com](http://www.otcmarkets.com), [www.otcmarkets.com/stock/MOBNF/overview](http://www.otcmarkets.com/stock/MOBNF/overview)

"We are very positive that M.O.B.A. chooses to take the step to the USA and enable trading in the company's shares for North American investors. North America is a vital part of M.O.B.A.'s business and market and we look forward to continuing to follow their development and growth. We want to take this opportunity to praise the team and the company's management for this milestone". - Christian Kronegård, CEO, NanoCap Group
